Lobbysign **LCD** 37

standing out

LobbysignLCD 37

The LobbysignLCD 37 is at the forefront of digital signage, combining visual high technology, contemporary elegance and portability. Its design, impact and ease of use are the essential qualities that make the LobbysignLCD 37 an invaluable tool for businesses and organisations to communicate and inform.

Screen Impact

The LobbysignLCD 37 is both a sign and a screen. It gives unique impact to all kinds of information and images displayed. The unusual "Portrait" format of the screen inside the housing, by its nature, draws peoples' attention and makes reading and viewing images appealing.

Bespoke and dynamic sequences of pages appear with text either on coloured backgrounds or blended with any choice of images. Whether it be notices, messages, announcements or events, the LobbysignLCD 37 is hard to ignore.

Easy to Operate by Office Staff

The LobbysignLCD 37 simply plugs into the mains, and within a short space of time your images appear. With the wireless keyboard provided, the image sequence can be interrupted, new messages easily created with our user friendly software, and your own images selected.

LobbysignLCD is also a PC

The LobbysignLCD 37 has an in-built PC which, when the system is switched on, automatically defaults to our own software which has been specially developed for Windows. It is simple to exit our software, at which point the system reverts to the Windows desktop and has all the capabilities of a PC.

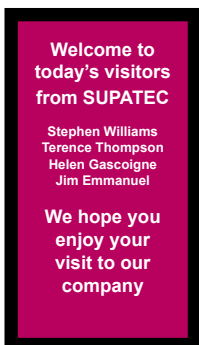

Technology and Service

The LobbysignLCD 37 requires no regular maintenance and is highly durable and reliable thanks to the use of top grade components. Technological piece of mind is ensured by Brackenbury's professional back-up team, with it's quick response, expertise and unrivalled after-sales service.

General Specifications

Overall Height	1870mm
Overall Width	680mm
Depth	105mm (in the middle)
Screen Size	37"
Screen Height	819mm
Screen Width	461mm
Weight	49kg
Op. Temperature	0 - 50°C
Viewing angle	89°
Operation	Wireless keyboard / network PC
